

SCHOOL DISTRICT ORGANIZATION

GOALS FOR EXCELLENCE

It shall be the goal of the District to:

1. Continue to improve education by addressing student learning and the “achievement and opportunity gap” among all students in the District.
2. Plan for adequately meeting the space and facility needs of the District including maintenance, repair and replacement of the District’s facilities.
3. Exercise fiscal management and responsibility in accordance with Board policies.
4. Recruit, assign, support and evaluate personnel to address the needs of all students in accordance with Board policies.
5. Regularly assess the needs and allocate resources to support students, staff, and achievement.
6. Partner with the community to inform and educate the community about the District’s performance, as well as elicit feedback during decision-making processes.
7. Facilitate conversations with the community about the needs of our students, families, and staff, and elicit feedback during decision-making processes.
